Complete your fundraising page!

Your fundraising page is almost ready to go! Just hit "Manage" in the upper right corner to add a photo of yourself. We'll take care of the rest.

Make a small donation!

Donating even $10 to your own page shows people that you really care about this.

Ask a few friends and family to pitch in!

Grab the link to your page and send it to a few friends and family members asking them to make an early gift. That way when other people visit your page soon, they'll see that people are already on board and will be more inclined to join!

Go ahead and share your page!

People can't donate if you don't ask them! Grab the link to your page and share it online with a quick message about what you're doing. If you're not sure what to say, use some of the language from your fundraising page. Including how many miles you are planning to tackle and your fundraising goal is also a good idea!

Share updates as you make progress!

As you make progress on your miles and fundraising, be sure to share what you're doing. Post a selfie online at the end of a workout with a brief update and a link to your page. You can also login to your fundraising page, hit "Manage", and "Post An Update" to those who have already given as well. It'll show up on your fundraising page and we'll email it to your donors as well!

Say thank you!

Don't forget to thank your friends, family, and everyone who has donated to you. You will get an email notification on when someone has donated. You can go to your page and leave a comment on their gift to thank them!

MY TRACKER

As you complete your miles, record them below and post your progress so friends and family can donate. You can also enter in how much money you raised to see your progress over time. This is a great way to stay on top of things!

SUN	MON	TUE	WED	THU	FRI	SAT
